

Escape Room Documents: <https://bit.ly/EmPWR26>

This escape room was created using Google Gemini. It covers the following topics:

- Networking - Cable Building
- Programming - [BeeBot](#)
- Cryptography - [Pigpen Cipher](#), [Caesar Cipher](#)
- Social Engineering - Phishing Attack
- Career Exploration - [Cyber /IT Careers](#)

Please feel free to contact me if you have questions about this Escape room. My email is Bobbie.R.Bastian@adams12.org. It was used to recruit students for my Computer Science, Cybersecurity and Networking Courses at the Career and Technical Education Campus. This Escape Room was built for 8th - 11th grade students.
