

Quincy's Early College High School Pathway

Quincy's ECHS Pathway Program is a cohort-based program that will provide students with support in and outside of the classroom that will better position them for their transition to college.

This program provides the opportunity to earn college credits while still in high school (at no cost to the student), while receiving robust academic and non-academic support during their ECHS Pathway experience.

QUINCY'S EARLY COLLEGE
HIGH SCHOOL PATHWAY

What to Know:

- Open to students entering grade 9
- Earn high school & college credit at the same time
- Students can save an average of \$11,000 in tuition by earning up to 25 college credits at no cost through ECHS

Quincy's Accelerated Associate Degree Pathway

Quincy's Accelerated Associate Degree Pathway program welcomes academically motivated students into a rigorous and inclusive community where they can remain until graduation.

Students who successfully complete the program will earn an Associate of Arts degree in Liberal Arts: General Studies from Quincy College, which will expedite their post-secondary goals and future success.

Students and families seeking more detailed information on program course requirements should contact Daniel Gould at North Quincy High School or Eli Stewart at Quincy High School.

What to Know:

- Open to students entering grade 9
- Earn an associate's degree while still in high school (approx. 62 credits)
- No cost to students and families
- Tuition, fees, and textbooks included
- Save an average of \$19,800+
- Get a head start on post-secondary goals
