

FAILURE IN CODING

MakeCode Broken Game Links

These are the broken game links used in the Failure in Coding session to practice debugging skills. They range from beginner to advanced and cover many of the common coding errors students make.

The bit-ly links are the same as the longer links underneath them.

Failure in Coding Sample game:

- <https://Bit.ly/4q9WKRP>
- https://makecode.com/_14Ve32a1Kbqi

These links are for the Google Slides which contain the list of all of the broken game links.
