Huntress Wizard

Huntress Wizard – Lone Wolf. Mysterious. Confident. Huntress is a skilled tracker with magical abilities. She can camouflage herself as plants and slay fearsome beasts with magic arrows – but don't ask her to make small talk. She'd rather run headfirst into a woodchipper. She's extremely driven and focused.

Huntress likes to project that she has everything under control. She's guarded about her thoughts and feelings, which makes her both mysteriously alluring and annoyingly cryptic. Only a lucky few have ever earned her trust enough to get a brief glimpse of her softer, more vulnerable side.

Throughout this season, Huntress's woodsmanship and magical skills will be tested. But the biggest challenge she'll face is learning to trust and depend on others.

Speaking quality: Measured. Sometimes sarcastic. Rare moments of vulnerability.

1. SCENE: HUNTRESS IS HONEST WITH A FRIEND.

HUNTRESS

You are a very sad woman, with a strange smell. But you've been of some utility to me.

2. SCENE: HUNTRESS TELLS A STORY ABOUT HER PAST.

HUNTRESS

By the time I got to the sinking boat, it was too late. I saw the fisherman wrapped up in his own nets. He had gotten trapped by the rising water. I looked upon that bloated bod and vowed to never become soft meat like him.

3. SCENE: HUNTRESS EXPLAINS HER WORKOUT ROUTINE.

HUNTRESS

Yeah, I do laps in the forest with a pack of rabid wolves. It's once a week, and it really works my glutes.

4. SCENE: HUNTRESS CONFESSES A ROMANTIC SECRET.

HUNTRESS

Before I heard your harp song, I lived as a tumbleweed. I went wherever the wind took me and I was satisfied. Everything changed when those notes left your fingertips and shot straight into my guts. Now I no longer wish to be a tumbleweed, but a gnarly, rooted tree with a home. I love you, Jimbo.
