

# Project Jake Pilot Presentation

**DNS Registration Data Disclosure**

# Jake Pilot with TWNIC

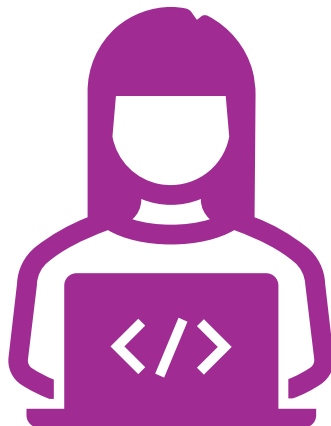

- Live demo
- Test data at this point
- Basic software is working
- Packaging,, user interface
- Relationships with Requestors in formation
  - Law enforcement organizations
  - Intellectual property organizations

# Jake Key Elements

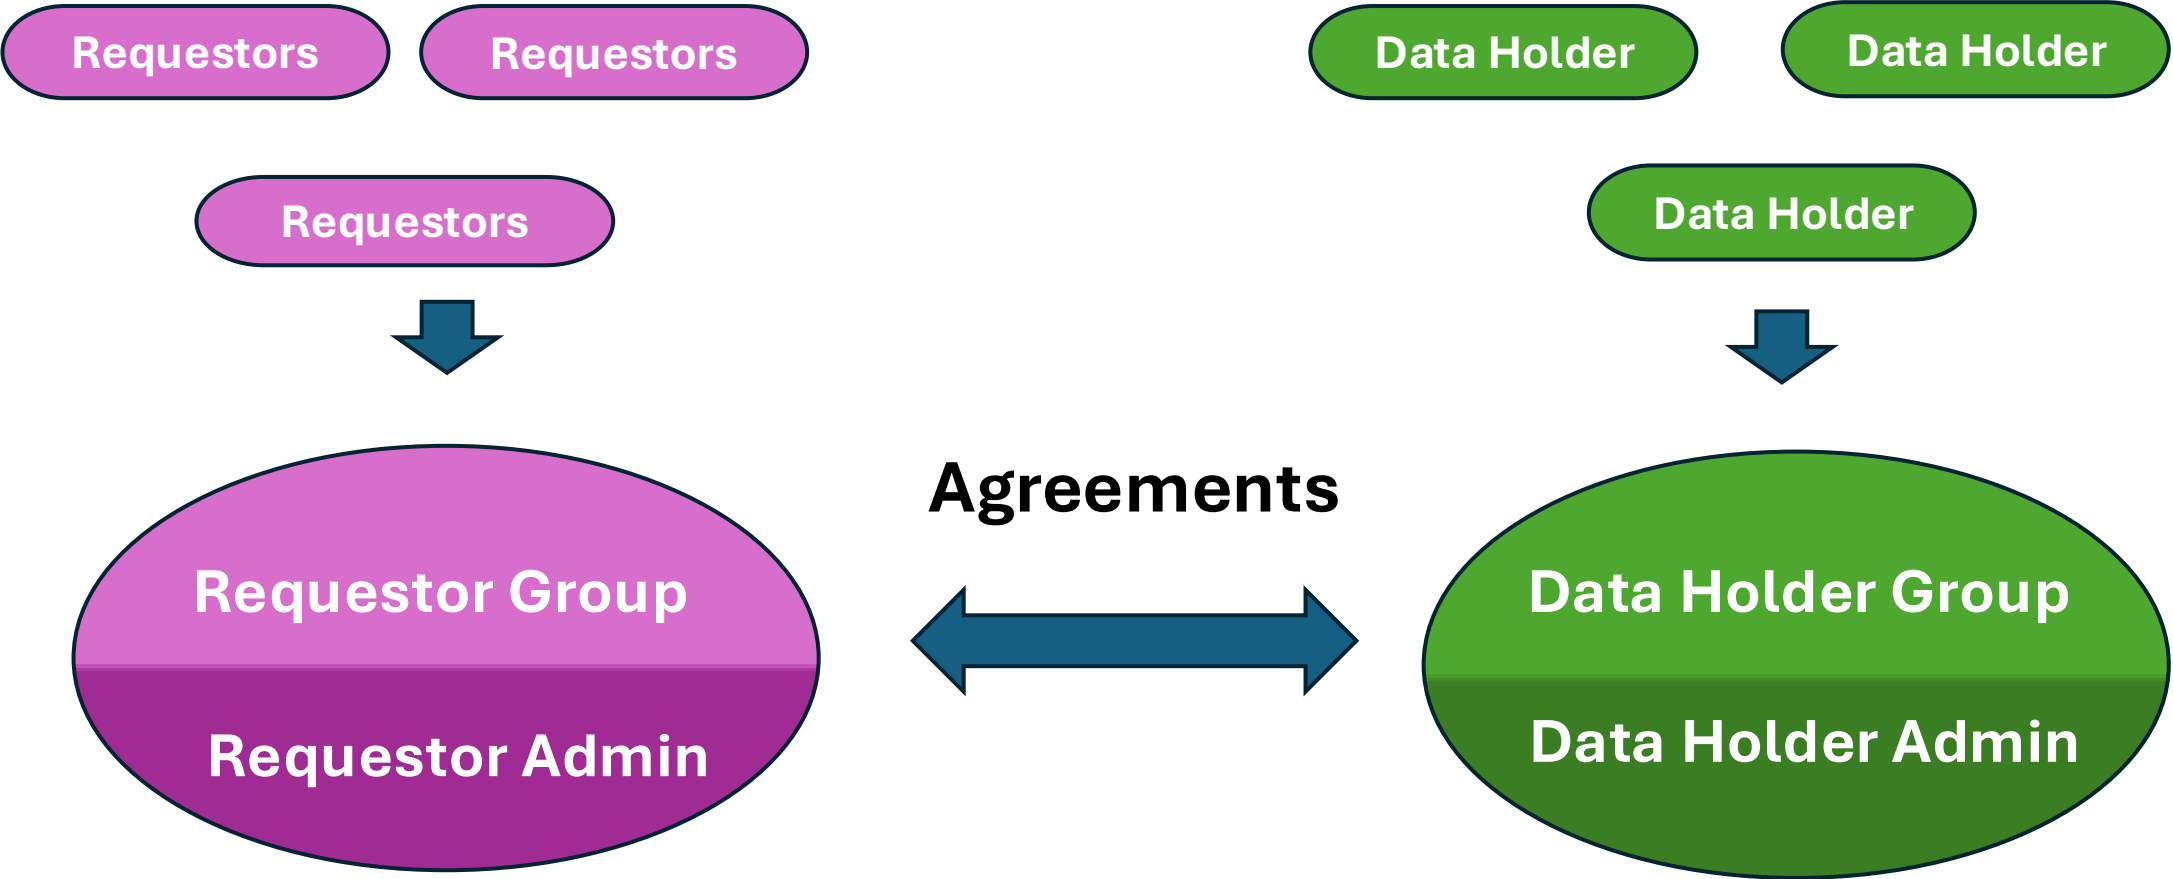

- **Requestors – Data Holders.** The challenge is balancing Rights with Responsibilities.

- **Agreements.** Agreements that manifest the Rights and Responsibilities of Requestor and Data Holder are at the heart of Jake.

- **Protocols.** Jake has developed an operational framework and protocols to help execute the Agreements

# Stakeholder Operational Framework

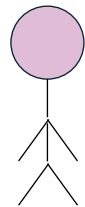

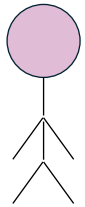

# Agreements

Agreements contain general Terms and Conditions and one or more Request - types.

## **Each Request-type includes:**

- Purpose, e.g. investigation, market research, consumer protection
- Permitted Uses
- Access level, consistent with Purpose
- Expected Data Elements, consistent with Purpose
- Additional Parameters

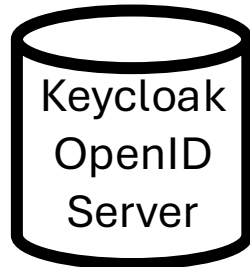

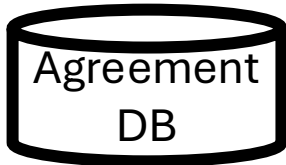

## Requestor Services

### Requestor Group Creation

- Create Requestor Groups

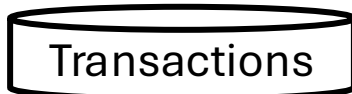

### Requestor Group Admin

- Create Requestors
- Subscribe to Template Agreements

### Requestor Service
