

Communicating the Match

Now that you have identified potential matches between teachers and the coaching supports, think about how you would communicate the match with these teachers. With a partner, take turns role playing what you would say to at least one of these teachers.

Tips for communicating the match

- Keep it conversational
- Focus on strengths
- Explain the options
- Be transparent about sources of data (TPOT, info teacher provides)

Planning: How Will You Communicate the Match?

Role Play Reflection

1. What went well with sharing the match?
2. What might I do differently?
