

Bias & Cultural Responsiveness

CHECKLIST

As a teacher or ELD specialist, use this checklist to review AI-generated content **before** using it with students.

1. REPRESENTATION

- Are names, images, and examples diverse and inclusive?
- Does it avoid stereotypes?

2. ACCESSIBILITY

- Is the language appropriate for the proficiency level?
- Are supports included (sentence frames, visuals, word banks)?

3. CULTURAL RELEVANCE

- Do examples connect to a range of student experiences?
- Are assumptions culturally neutral?

4. HIDDEN BIAS

- Are answer choices fair and clear?
- Could any group be unintentionally advantaged or disadvantaged?

5. STUDENT VOICE & AGENCY

- Does the task allow meaningful thinking and expression?
- Are there multiple ways for students to demonstrate learning?

TIP: If you answer “no” or “not sure” to any item, revise the content or seek additional resources.

Our goal: *Equitable, inclusive, and empowering learning for all students.*
