

SHAPING TOMORROW'S LEADERS

BY IMPACTING SOUTH CAROLINA GRADES K-12

HELP US EDUCATE, ENCOURAGE AND EMPOWER THE NEXT GENERATION

Only **32.5%** of South Carolina students are college or career ready, and just **54%** are reading **at grade level**—placing South Carolina 41 in the nation for college and career readiness.

Together with the SCDE, educators, and community leaders, we're building bridges that empower students, strengthen opportunities, and drive a bold mission: move South Carolina from 41 to the Top 10 nationally in college and career readiness by 2030.

HOW WE CAN DO IT

LEADERSHIP MINUTE EDUCATIONAL VIDEOS

Together with the SC Department of Education, we have produced 20 *Ninety Second Educational Videos* aligned to the character education and resiliency standards.

All videos feature high character leaders who will inspire, encourage, and significantly impact the K-6 grade students across the state of SC.

These high-quality Character Education and Resiliency Standards Educational Videos are provided at **no cost** to all elementary schools in SC.

BRIDGE BUILDER EXCELLENCE AWARD PROGRAM

Encouraging, equipping, and mentoring high school football athletes across the state on a path of excellence in:

Community Service
Academic Excellence
College or Career Readiness

The program is already in over **50%** of the SC High Schools

Bridge Builder Excellence Community

BE A PART OF THE CHANGE
