

When Data Systems Are Asked to Do More Than They Were Built For

Session Notes & Discussion Worksheet

SDP Convening 2026 · Chris Ozuna, CA Community Colleges Chancellor's Office · cozuna@cccco.edu

Use this worksheet to capture your thinking during the session checkpoints and open discussion.

Checkpoint 1 Where Do You Sit on the Spectrum?

Where do your organization's data systems sit on the compliance → action spectrum?

Where does your day-to-day work live, and is that the same answer?

Your notes:

Checkpoint 2 Your Organization in a Crisis

An emergency event is impacting your community. Leadership asks: what's going on, and where do we direct short-term resources?

How would you approach this? What strengths does your current setup provide? What challenges do you need to be aware of?

Your notes:
