BLUEPRINT FOR BRILLIANCE

PLANNING A SUCCESSFUL
SCHOOL-WIDE STEAM EVENT

SITA 2026

Attendance link:

<https://bit.ly/sita26attend>

MISSION

Every successful STEAM event starts with a clear plan and the right tools. With cross-team collaboration and careful coordination, the blueprints become come to life through inspiring, hands-on learning.

THE BUILDERS' MINDSET

A great school-wide STEAM event starts with a can-do mindset: curiosity, persistence, and clear planning.

ASSEMBLE YOUR TEAM

Begin with permission from your admin, then assemble a collaborative team committed to a shared STEAM objective for the school-wide event based on the shared focus.

PINPOINT YOUR EVENT FOCUS

You may want to combine
your STEAM event with
another school program.

My Examples:

- Literacy & STEAM
- STEAM & Title Event
- STEAM Family Night

TWO KEYS TO EVENT SUCCESS

BLUEPRINTS & DESIGN

Careful planning makes sure every activity, schedule, and material is set so the event runs smoothly.

TEAMWORK IN ACTION

Smart coordination with other school staff brings every detail to life.

EXECUTING THE BLUEPRINT

- Start planning early in the Fall
- Establish a date and get it on the school calendar asap
- Schedule regular planning meetings (weekly)
- Use a detailed shared planning document and make sure everyone on the team is using it
- Identify actions for each week and share the work load

 Template

ESSENTIAL TEAMWORK TOOLS

- Coordinate with teachers whose spaces will be used
- Coordinate with custodians early on
- Ask for staff to volunteer so it becomes a school-wide event

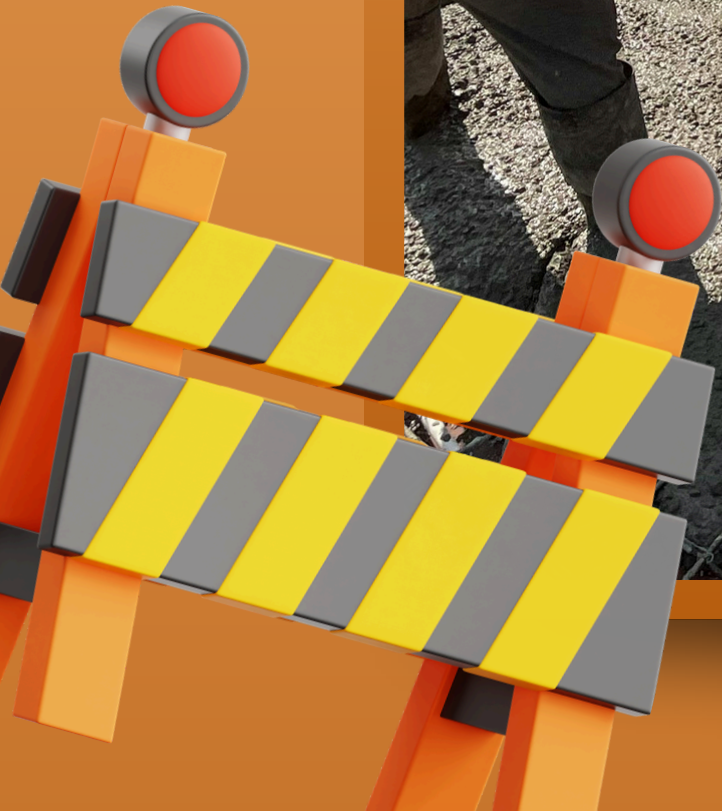

From drills to hammers, every tool plays a unique role in creating something remarkable. It's not just about equipment — it's about skill and purpose.

ONGOING CONSTRUCTION

Every project is a work in progress
— what matters is moving forward,
one brick at a time.

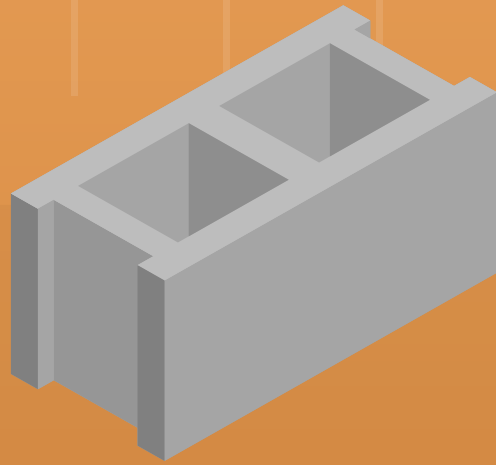

MEASURING SUCCESS

Every completed structure needs a final inspection. To measure true success, we must step back, evaluate our impact, and define what growth looks like—ensuring every event lays a stronger foundation for the next.

DRAFTING YOUR BLUEPRINT

Reflect on how you will bring your STEAM event to life.

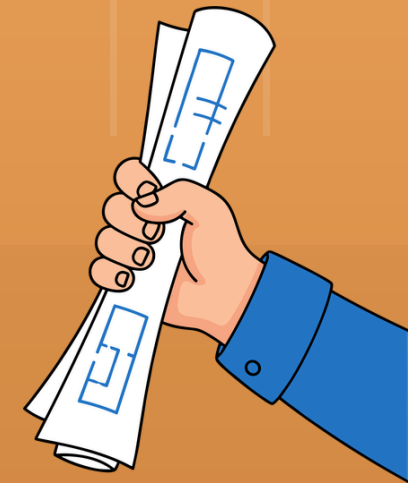

THE FOUNDATION

What core STEAM theme or concept will drive your event?

THE CREW

Who are the key collaborators you need on your team (teachers, volunteers, administration)?

THE BLUEPRINT

What does a successful event look like in your school or classroom?
