is tied to a planet.**

**Welcome to
Remote Activation!**

**Harness the power of
your Astro*Carto*Graphy lines
without traveling.**

**You've been engaging with
those energies your whole life.
Now you have a name for it.**

SMELL

SIGHT

TOUCH

SOUND

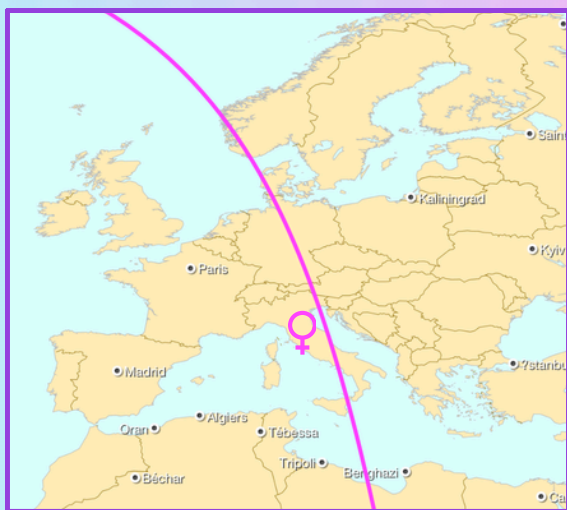

TASTE

**To bring that planetary energy
into your life use your senses:
sight, smell, sound,
touch, taste.**

Don't forget your sixth sense!

Let's try together!

**Say you want to activate more
Venus Ascendant energy in your
life and that line is over Italy...**

**Instead of traveling to Italy,
get Venusian items from there:**

Italian wines (taste)

Italian music (sound)

Flowers grown there (smell)

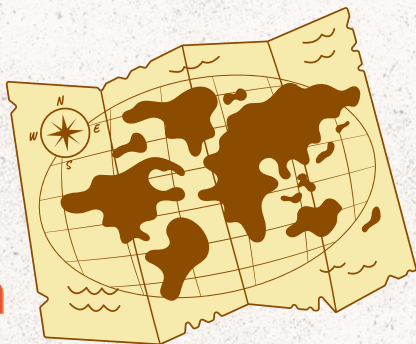

Textiles weaved in Italy (touch)

Italian art (sight)

5 Steps for Remote Activation

01. Choose a goal

What would you like to activate more of right now? Name that goal in one word. It could be love, confidence, rest, etc.

02. Match that keyword to a planet

Use just one planet so you don't overdose.

03. Look for those lines on your Astro*Carto*Graphy map.

Don't worry about the angle. Focus on the planet. If you don't have access to A*C*G map, just use the planet.

04. Gather the sensory associations

Eg: For Neptune, imagine clouds, do breath work, notice subtle scents, drink water, dissolve into your sleep.

05. Give it attention

Spend 10-20 minutes engaging with it. No multitasking. Notice how your mood changes?

Note your results

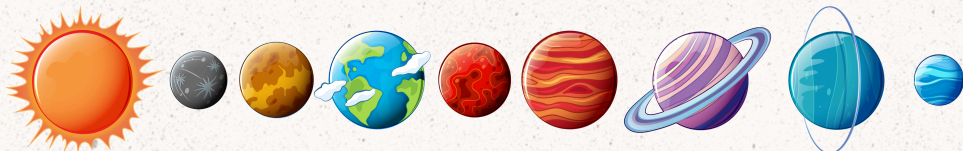

How soon did it happen?

This can work fast!

How long did it last?

Don't overdose on a planet!

Planetary Overdose

Don't overdose on a planet!

More isn't always better.

Remote Activation is about developing a relationship between you, a planet, and a place, not piling on planetary energy to force a result.

Start with one planet. Pay attention to what changes. Give yourself time to notice how that energy shows up before adding more.

Sometimes the results are subtle. Sometimes they're surprisingly fast. And sometimes you may realize you've had more than enough of a planet.

That's when you need an antidote.

In the full book, I'll show you how to recognize a planetary overdose, when to pull back, and what you can do to restore balance.

Before becoming a full-time astrologer, I was a physician and clinical research director. It was my whole identity. Then...

**I moved to my Pluto/IC line
and my whole life changed.**

Since then, I launched an esoteric business and have been featured on national media, taught thousands internationally, and developed **a new system of AstroMapping: 3D Astrology.**

Remote Activation is part of that system. You don't have to travel or move to connect with a meaningful place. You can begin right where you are.

With Love,

Cindy
