

# Clothes Pins on a Line Counting Game

**Level:** Elementary

**Skills:** Counting, Number ID, Comparing

**Materials:** Dice or Playing cards, clothes pins, number line or string

**Goal:** to have students count and compare the difference in an amount of clothespins

**Getting Started:** Players will be in teams of two. Each team will roll or turn over two cards for a number. Teams will then count and place their clothespins on a line. Have students draw to represent how they counted. Next, teams will then talk about how they chose to count. After that, teams will compare their numbers to each other. The team with the greatest or least number of clothespins will win.
