

Easy AI Reference for Teachers

Easy AI One-Pager for Teachers

A fast, scan-friendly reference

What is AI (in teacher terms)?

A time-saving teaching assistant for planning, differentiation, feedback, and engagement. Teachers stay in control.

AI Tools at a Glance (One-Page Table)

	 Teacher Need	 What AI Helps With	 Go-To Tools	 Quick Classroom Tip
1	Lesson Planning & Prep	Lesson plans, rubrics, emails, examples	MagicSchool.ai; ChatGPT / Microsoft Copilot; Eduaide.ai	Include grade, standard, time in prompts
2	Differentiation & Reading	Leveled texts, vocab, questions	Diffit; Khanmigo	Keep key vocab consistent across levels
3	Student Engagement	Polls, discussions, live responses	Curipod; Mentimeter / Nearpod; Edcafe AI	Great for bell ringers & reviews
4	Assessment & Feedback	Rubric-aligned comments, faster grading	Brisk Teaching; MagicSchool Writing Feedback; Khan Writing Coach	AI drafts—you personalize
5	Visuals & Slides	Slides, posters, worksheets	Canva for Education; Gamma / SlidesAI	Start with a template, then tweak
6	Safe Student AI Use	Guided practice without answers	Khanmigo	Require students to explain thinking

Non-Negotiables (Safety)

-  Review & edit all AI output
-  Follow district AI & privacy policies
-  Never upload student PII
-  Teach ethical AI use

- ✓ Use AI as **support**, not a shortcut
-

Sample Classroom AI Norms

- ✓ Brainstorming & feedback allowed
 - ✓ Students explain their thinking
 - ✗ No AI-generated final work as original
-

Quick Picks

- **Fast lesson plans:** MagicSchool, Eduaide
 - **Differentiation:** Diffit
 - **Engagement:** Curipod
 - **Writing feedback:** Brisk
 - **Visual lessons:** Canva
 - **Safe student AI:** Khanmigo
-

- **Bottom line:** *AI saves time, reduces burnout, and enhances instruction—when used intentionally and responsibly.*
